1. Purpose

At OSGUK Biggleswade Campus (hereafter ‘the Campus’), we will provide a safe and welcoming environment where every child and young person is respected and valued. It is the responsibility of everyone to be alert to the signs of abuse and harm in all its forms and to follow the procedures to ensure that children receive timely and effective support, protection and justice.

This Policy sets out the Campus’ commitment to safeguarding, promoting the welfare of children and Keeping Children Safe in Education in line with the September 2025 Statutory Framework.

The purpose of this policy is to provide a framework for how we safeguard and promote students’ welfare in accordance with our moral duty and statutory guidance. The policy also informs parents and carers about how we will safeguard their children while they are in our care.

The school always considers ‘the best interests of the child’

2. Scope

This policy and the associated statutory procedures apply to all staff, Board of Trustees of the proprietor, local governance CA team, volunteers and visitors. Parents and carers of both current and prospective students in the Campus who are not volunteers are expected to always abide by the safeguarding procedures as outlined in the visitor booklet.

The policy and procedures are consistent with the locally agreed inter-agency procedure for Central Bedfordshire Local Safeguarding Partners.

The policy is available on the school website and is made available to all staff, Board of Trustees of the proprietor, Local Governance CA team, volunteers, parents, both current and prospective, and visitors to the school.

4.2. INTRODUCTION

- 4.1.1 This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004; the Education Act 2002, and in line with statutory guidance: ‘Working Together to Safeguard Children’ 2023, Revised Safeguarding Statutory Guidance ‘Framework for the Assessment of Children in Need and their Families’ 2000, ‘What to do if you are worried a child is being abused’ 2015, Prevent Duty Guidance 2023.
- 4.1.2 The policy also reflects, both statutory guidance KCSIE 2025 and LSP Procedures.
- 4.1.3 The Board of Trustees takes seriously its responsibility under section 175 of the Education Act 2002 to safeguard and promote the welfare of children; and to work together with other agencies to ensure there are robust arrangements within our Campus to identify, assess, and support those children who are suffering harm or at risk of suffering.

All staff have a role in the prevention of harm and abuse and an equal responsibility to act immediately on any suspicion or disclosure that may indicate a child is at risk of harm, inside and outside of the campus, inside and outside of home and online, taking into account extra familial harms, which are incidents and/or behaviours associated with factors outside the Campus and/or occur between children outside of these environments in accordance with statutory guidance.
- 4.1.6 Anyone can make a referral to children's services if this is believed to be in the child's best interests and or the child is at risk of significant harm.

- 5.2.13. Prevent the employment/deployment of unsuitable individuals

6. WHOLE SCHOOL APPROACH TO SAFEGUARDING

- 6.1.1. We adopt a whole school approach to safeguarding with safeguarding and child protection at the forefront and underpinning all relevant aspects of process and policy development at the Campus
- 6.1.2. Where there is a safeguarding concern, staff must take children's wishes and feelings into account when determining what action to take and what services to provide. Children and young people must know that their concerns will be treated seriously, and they can safely express their views

6.2. Human rights act

6.2.1. The Human Rights Act 1998 (HRA) sets out the fundamental rights and freedoms that everyone in the UK is entitled to and contains the Articles and protocols of the European Convention on Human Rights (ECHR) that are deemed to apply in the UK. At OSGUK we will protect and respect an individual's human rights when making decisions about them.

6.2.2. Under the Human Rights Act, it is unlawful for schools and colleges to act in a way that is incompatible with the Convention. The specific convention rights applying to schools and colleges are:

- Article 3: the right to freedom from inhuman and degrading treatment (an absolute right)
- Article 8: the right to respect for private and family life (a qualified right) includes a duty to protect individuals' physical and psychological integrity
- Article 14: all of the rights and freedoms set out in the Act must be protected and applied without discrimination, 25 and
- Protocol 1, Article 2: protects the right to education.

6.3. Equality act

6.3.1. The Campus must not unlawfully discriminate against pupils because of their sex, race, disability, religion or belief, gender reassignment, pregnancy and maternity, or sexual orientation (protected characteristics).

6.3.2. Whilst all of the above protections are important, in the context of safeguarding, this guidance, and the legal duties placed on the Campus in relation to safeguarding and promoting the welfare of children, governing bodies and proprietors must carefully consider how they are supporting their pupils and students with regard to particular protected characteristics - including disability, sex, sexual orientation, gender reassignment and race.

6.3.3. Provisions within the Equality Act allow the campus to take positive action, where it can be shown that it is proportionate, to deal with particular disadvantages affecting pupils or students with a particular protected characteristic in order to meet their specific need, this includes a duty to make reasonable adjustments for disabled children and young people, including those with long term conditions. The Campus could, for example, consider taking positive action to support girls if there was evidence they were being disproportionately subjected to sexual violence or sexual harassment

7. TYPES OF ABUSE

7.1. Abuse may fall into the categories of physical, emotional (including regular exposure to domestic violence, including where they see, hear or experience its effects), sexual, neglect and exploitation. All staff must be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. They must seek to understand the background and context to make good safeguarding decisions

7.2. Abuse:

7.2.1.A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse including, where they see, hear or experience its effects. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

Abuse is often categorized into four broad categories:

7.3. Physical

7.3.1.a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child

7.4. Emotional (including regular exposure to domestic violence)

7.4.1.the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

7.5. Sexual

7.5.1.involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education

7.6. Neglect

7.6.1.the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and

shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate caregivers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs

Further examples of abuse which fit into these four categories of abuse are set out in appendix 1

7.7. Recognising signs of abuse

7.7.1. Possible signs of abuse include the following (but are not limited to these and these signs do not necessarily mean that abuse is occurring):

- the student says that they have been abused or asks a question which gives rise to that inference
- there is no reasonable or consistent explanation for a student's injury; the injury is unusual in kind or location; there have been a number of injuries; there is a pattern to the injuries
- the student's behaviour stands out from the group as either being extreme model behaviour or extremely challenging behaviour; or there is a sudden change in the student's behaviour. For example, they may become aggressive, challenging, disruptive or withdrawn
- the student does not want to change clothes in front of others or participate in physical activities
- the student is having problems at school, for example, a sudden lack of concentration and learning or they appear to be tired and hungry
- the student talks about being left home alone, with carers that appear to be inappropriate or with strangers
- the student is regularly missing from school or education
- the student asks to drop subjects with a particular teacher and seems reluctant to discuss the reasons
- the student's development is delayed in terms of emotional progress
- the student suddenly loses or gains weight
- the student drinks alcohol regularly from an early age
- the student is concerned for younger siblings without explaining why
- the student talks about running away
- the student shies away from being touched or flinches at sudden movements
- the student demonstrates undue anxiety, over-reacts to problems and demonstrates an excessive fear of making mistakes
- the student appears neglected, e.g. dirty, hungry or inadequately clothed
- the student is reluctant to go home or has been openly rejected by his parents or carers.

7.8. Signs of grooming:

7.8.1. The signs of grooming are not always obvious. Groomers will go to great lengths not to be identified. Some actions associated with those grooming children in schools may include:

- meeting students secretly, or without seeking authorisation from the Head Teacher
- collusive behaviours designed to cultivate dependency, such as
 - unprofessional conversations about other members of staff
 - breaking School Rules over providing students with alcohol and
 - 'friending' pupils on social media platforms, contrary to school policy

7.8.2. Students who are being groomed at school or elsewhere may:

- be very secretive, including about what they are doing online
- have unexplained absences
- have older pupil friends or girlfriends
- go to unusual places to meet friends
- have new belongings such as clothes or mobile phones that they can't or won't explain
- have access to drugs and alcohol

7.8.3. In older children, signs of grooming can easily be mistaken for 'normal' teenage behaviour, but unexplained changes in behaviour or personality, or inappropriate sexual behaviour for their age may be observed

7.8.4. You may find it useful to refer to the Department for Education's guidance [What to do if you're worried a child is being abused](#) (March 2015)

7.8.5. Further information is available in Appendix 1 (Further Information on Signs of Abuse)

6 TRAINING AND INDUCTION

6.1 OSG UK Biggleswade Campus recognises the importance of training to enable members of staff to identify the possible signs of abuse and/or neglect, and to know what to do if they have a concern.

6.2 All new staff, Governors, part-time staff, and volunteers will receive face to face Safeguarding and Child Protection training with the DSL as part of their induction process, including the

contents of this policy; e-safety, mental health awareness in young people, and the procedure for reporting low-level concerns and this training will be regularly updated.

- 6.3 We will ensure that all staff working directly with children read and understand at least Part one of 'Keeping Children Safe in Education' (2025), or Annex A of that document for certain staff not working directly with children.
- 6.4 All staff will be required to complete a quiz on KCSIE part one and the Safeguarding & Child Protection Policy to demonstrate understanding annually.
- 6.5 CPD is essential to any effective Safeguarding Policy; all staff receive update Safeguarding training on a regular basis, in accordance with the OSGUK Safeguarding Training strategy.

- 6.7 The DSL and the deputy DSLs update their training at least every two years with the local authority and at other times as necessary. The detail of the induction for new staff is set out in the Induction Policy.

7 DSL SUPERVISION AND SUPPORT

- 7.1 Designated Safeguarding Leads (DSLs), and other safeguarding professionals receive supervision to support their wellbeing and effectiveness in the role.
- 4.1 The nature and frequency of supervision varies depending on the persons role, as laid out in the safeguarding supervision policy.

Role	Length/ Frequency	Nature of supervision	Responsible Person
DSL	2 X 50mins per half term	Individual & Group sessions	Assistant Regional Director Safeguarding
Deputy DSL	50mins per half term	Group	Assistant Regional Director Safeguarding
ELSA Providers	3 times per year	Individual & Group sessions	Educational Psychologist
Any staff who deal with a safeguarding incident	As required	Debrief	Regional Director Safeguarding

4.2 Supervision is provided but the Regional Director Safeguarding, their assistants or delegates.

4.3 Models of Supervision at OneSchool Global UK include:

- Group of DSL's/Deputies meet across a cluster or region
- Mixture of group and 1:1 supervision
- Some supervision will be planned but this will be supplemented by informal supervision sessions e.g. in relation to a crisis, need to de-brief after a session with a student

4.4 Where the named supervisor is not available, supervision is also able to be provided by the Regional Director of Safeguarding.

5 WHISTLEBLOWING

- 5.1 In line with KCSIE Guidance all staff and volunteers must feel able to raise concerns about poor or unsafe practice and potential failures in the school's safeguarding practices and know that such concerns will be taken seriously by the Campus Leadership Team.
- 5.2 Where a member of staff feels unable to raise an issue with their employer or feels that their genuine concerns are not being addressed, they should reference the schools Whistleblowing Policy; this document includes general guidance and advice on Whistleblowing and details of the NSPCC Whistleblowing helpline.
- 5.3 The NSPCC Whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call 0800 028 0285. The line is available from 8am to 8pm, Monday to Friday or e-mail: help@nspcc.org.uk

6 SOCIAL MEDIA

- 6.1 Staff are expected to comply with the Trust's ICT and E-Safety Policy, which includes having no contact with students or parents via social media websites, text or personal mobile phones. Any compromise must be brought to the attention of the Campus Leadership Team (CLT) by the staff member concerned.

7 COMPLAINTS AND ALLEGATIONS ABOUT STAFF

7.1 ALLEGATIONS

- 7.1.1 OneSchool Global Biggleswade Campus has a whole school approach to safeguarding, and we promote an open and transparent culture in which all concerns about all adults working in or on behalf of the school (including supply teachers, volunteers and contractors) are dealt with promptly and appropriately.
- 7.2 Despite all efforts to recruit safely, there may be occasions when allegations of abuse against children are reported to have been committed by staff, supply staff, practitioners, other outsider organisations and/or volunteers, who work with pupils in our school.
- 7.3 An allegation is any information which indicates that a member of staff, supply staff or volunteer or other outsider organisations may have:
- 7.3.1 Behaved in a way that has harmed a child or may have harmed a child.
 - 7.3.2 Possibly committed a criminal offence against or related to a child.
 - 7.3.3 Behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children.
 - 7.3.4 Behaved or may have behaved in a way that indicates they may not be suitable to work with children (this includes behaviour that may have happened outside an organisation that might make an individual unsuitable to work with children, this is known as transferable risk)

- 7.3.5 We understand that a pupil may make an allegation against a member of staff or staff may have concerns about another staff member. If such an allegation is made, or information is received which suggests that a person may be unsuitable to work with children, the member of staff receiving the allegation or aware of the information, will immediately inform the Campus Principal. The Campus Principal on all such occasions will discuss the content of the allegation with the local authority designated officer (LADO)
- 7.3.6 If the allegation made to a member of staff concerns the Campus Principal, the person receiving the allegation will immediately inform the Regional Team Lead who will consult the LADO as above, without notifying the Campus Principal first.
- 7.3.7 Our Campus will follow the guidance detailed in Keeping Children Safe in Education 2025 for managing allegations against staff.

7.4 LOW LEVEL CONCERNS

- 7.4.1 All low-level concerns are reported to the Campus Principal, who keeps a record of the concern and actions taken on the SCR tracker.
- 7.4.2 These records are reviewed in each half termly report to monitor patterns of behaviour over time.
- 7.4.3 The term 'low-level' concern does not mean that it is insignificant, it means that the behaviour towards a child does not meet the threshold set out above. A low-level concern is any concern – no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' - that an adult working in or on behalf of the school may have acted in a way that;
- is inconsistent with the staff code of conduct, including inappropriate conduct outside of work
 - does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the LADO, examples of such behaviour could include, but are not limited to;
 - being over friendly with children
 - having favourites
 - taking photographs of children on their mobile phone
 - engaging with a child on a one-to-one basis in a secluded area or behind a closed door
 - using inappropriate sexualised, intimidating or offensive language.
- 7.5 The culture of our school is such that staff are encouraged to pass on low level concerns to the Campus Principal. These concerns will be recorded and dealt with appropriately.
- 7.6 Ensuring they are dealt with effectively will also protect those working in or on behalf of the campus from potential false allegations or misunderstandings.

7.7 COMPLAINTS

- 7.7.1 Complaints from parents or pupils about the school's response to child safeguarding will be addressed using the Complaints Policy.

8 EARLY HELP, CHILD IN NEED, CHILD AT RISK OF SIGNIFICANT HARM

8.1 For some children, school may be the one stable place from which they can expect security and reassurance. It is not only about being alert to potential abuse but providing the support to help children through difficult times, providing those with the coping skills that can help avoid situations arising and dealing with the emotional difficulties afterwards if they do.

8.2 Local authorities should share the fact a child has a social worker, and the designated safeguarding lead should hold and use this information so that decisions can be made in the best interests of the child's safety, welfare and educational outcomes. This should be considered as a matter of routine. There are clear powers to share this information under existing duties on both local authorities and schools and colleges to safeguard and promote the welfare of children.

8.3 EARLY HELP

8.3.1 If early help is appropriate, the DSL (or DDSL) will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases should be kept under constant review and consideration given to a referral to children's social care for assessment for statutory services, if the child's situation does not appear to be improving or is getting worse.

8.3.2 The Campus will be prepared to identify children who may benefit from early help. This means providing support as soon as a problem emerges at any point in a child's life. All staff must understand their role in early help and support the assessment process. Staff are encouraged to discuss any early help requirements with the DSL.

8.3.3 The DSL will liaise with parents early on to ensure that early help will be effective. If the child or parents refuse consent to an Early Help Assessment, then further advice will be taken from the Local Authority.

8.3.4 There may be a requirement to support other agencies and professionals in an early help assessment.

8.4 CHILD IN NEED (S17)

8.5 A child in need is defined under the Children Act 1989 as a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled. Local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989.

8.6 CHILD SUFFERING OR LIKELY TO SUFFER SIGNIFICANT HARM (S47)

8.7 Local authorities, with the help of other organisations as appropriate, have a duty to make enquires under section 47 of the Children Act 1989 if they have reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm. Such enquiries enable them to decide whether they should take any action to safeguard and promote the child's welfare and must be initiated where there are concerns about maltreatment, including all forms of abuse,

neglect, exploitation, female genital mutilation or other so-called honour-based violence, and extra-familial threats like radicalisation and sexual exploitation.

9 EXTREMISM, RADICALISATION AND TERRORISM (THE PREVENT DUTY)

- 9.1 The Campus has a statutory duty under The Counterterrorism and Security Act 2015 and the statutory Prevent Guidance 2023, to have due regard to the need to prevent people from being drawn into extremist ideology and radicalisation.
- 9.2 All DSL's, Campus Principals, CA Team Members, Campus Leaders, and Deputy DSL's will read updated guidance from the Government to help them understand how to safeguard our susceptible learners from radicalisation. [The Prevent duty: an introduction for those with safeguarding responsibilities - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/guidance/the-prevent-duty-an-introduction-for-those-with-safeguarding-responsibilities)
- 9.3 Extremism is defined as the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces
- 9.4 Radicalisation is defined as the process of a person legitimising support for, or use of, terrorist violence. Where a student is identified as being at risk of radicalisation, the DSL will consider the level of risk in order to identify the most appropriate referral, this could include Prevent or Children's Social Care, for example.
- 9.5 Terrorism is an action that endangers or causes serious violence to a person/people; causes serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.
- 9.6 The Campus will use the curriculum to ensure that children and young people understand how people with extreme views share these with others, especially using the internet. Teaching the school's core values alongside the fundamental British Values supports quality teaching and learning, whilst making a positive contribution to the development of a fair, just and civil society.
- 9.7 The Campus will assess the risk of children being drawn into terrorism, the campus will liaise with the LA to discuss what level the risk might be overall in their area - high medium or low
- 9.8 All campuses will have in place a Prevent Risk Assessment
- 9.9 The campus will go through a self-assessment process at least annually to review their policy and practices and understand how well embedded their Prevent policies and practices are. At OSG we encourage a cycle of continuous review and improvement. The Campus will use the DFE tool to do this. [Prevent duty self-assessment tool for schools - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/guidance/prevent-duty-self-assessment-tool-for-schools)

10 CHILDREN ABSCONDING OR GOING MISSING FROM AN EDUCATIONAL SETTING

- 10.1 Should a child abscond or go missing, it is a potential indicator for abuse, neglect or exploitation and the Campus has a procedure in place detailed in the Attendance Policy to ensure the safeguarding of a child going missing, particularly on repeat occasions.

10.2 The campus will follow the guidance set out in KCSIE 2025, and the school's admissions policy for notifying the Local Authority when a student is added or removed from roll. This includes a non-standard transfer includes transfer into our school at Year 3, as this is not a usual transition point in mainstream education

10.3 Additional information is available in KCSIE 2025 and the DFE guidance on school attendance [Working together to improve school attendance](#) which sets out how the campus will work with local authority children's services where school absence indicates safeguarding concerns.

11 CHILD ON CHILD ABUSE

11.1 All staff are aware that children can abuse other children (often referred to as Child-on-Child abuse) and that it can happen both inside and outside of school and online. The Campus has a zero-tolerance approach to any form of abuse, including Child on Child

11.2 All staff are able to identify signs and indicators of Child-on-Child abuse and know how to identify it and respond to reports.

11.3 All students are aware of the systems in place for them to report abuse. This includes the online reporting tool available as well as speaking to their Designated Safeguarding Lead.

11.4 All staff understand, that even if there are no reports in their school does not mean child on child abuse is not happening, it may be the case that abuse is not being reported.

11.5 and boys more likely to be perpetrators in child-on-child abuse cases

11.6 All staff will challenge inappropriate behaviours between children that are abusive in nature, examples of which are listed below. Downplaying certain behaviours, for example dismissing sexual harassment as "just banter", "just having a laugh", "part of growing up" or "boys being boys" can lead to a culture of unacceptable behaviours, an unsafe environment for children and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it.

11.7 Child on Child abuse is most likely to include, but may not be limited to:

- Bullying (including cyberbullying, prejudice-based and discriminatory bullying).
- Abuse in intimate personal relationships between peers.
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse).
- Sexual violence, such as rape, assault by penetration and sexual assault; (this may include an online element which facilitates, threatens and/or encourages sexual violence); For further information about sexual violence see Annex B of KCSIE.
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse.
- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.
- Consensual and non-consensual sharing of nudes and semi-nude images and or videos (also known as sexting or youth produced sexual imagery).

- Upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm; and
 - Initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element).
- 11.8 All staff are clear as to the school's policy and procedures with regards to Child-on-Child abuse and the important role they have to play in preventing it and responding where they believe a child may be at risk from it.
- 11.9 The DSL will investigate any allegations of child-on-child abuse. They will collate as much information as possible, where they feel it is appropriate and liaise with children's social care.
- 11.10 Following any incidents of child-on-child harm, the DSL/Deputies will review and consider whether any practice or environmental changes can be made in relation to any lessons learned. This can include making changes to staffing and supervision, making changes to the physical environment and considering the utilisation and delivery of safeguarding topics on the curriculum.
- 11.11 Where the DSL feels a criminal offence may have been committed, they will immediately seek advice from the local children social care or Police, to ensure there is no damage to the integrity of any investigation that the police may need to conduct.
- 11.12 Both the alleged Victim and alleged perpetrator will be provided with appropriate support

12 CHILDREN WITH SPECIAL EDUCATIONAL NEEDS AND DISABILITIES (SEND) OR HEALTH ISSUES

- 12.1 Children with special educational needs or disabilities (SEND) or certain medical or physical health conditions can face additional safeguarding challenges both online and offline.
- 12.2 Additional barriers can exist when recognising abuse, neglect and exploitation in this group of children.
- 12.3 These can include:
- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration
 - these children being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children
 - the potential for children with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs,
 - communication barriers and difficulties in managing or reporting these challenges.

- cognitive understanding – being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in schools or colleges or the consequences of doing so.

13 ONLINE SAFETY

13.1 Online safety is recognised as a core component of our safeguarding responsibilities. A dedicated E-Safety Policy is maintained to address the risks and protective measures associated with digital environments. This policy can be accessed via the Policy Library and should be consulted in conjunction with the Safeguarding Policy to ensure a comprehensive understanding of our obligations.

13.2 Online Safety (E-Safety) includes helping children to keep themselves safe including online (Including when they are online at home)

13.3 Children at the Campus are taught to recognise, self-reflect and manage risk through both the Campus Personal, Social, Health and Economic Education (PSHE) curriculum and the Relationship and Sex Education (RSE) Curriculum, lessons and rehearsed throughout all aspects of Campus life.

13.4 This includes covering relevant issues through Relationships Education and Relationships and Sex Education, online safety week, the Campus tutor-time programme.

13.5 Where children are learning online at home the Campus follows advice from the DfE on safeguarding and remote education (DfE 2021b).

13.6 The Campus acknowledges that many children have unlimited and unrestricted access to the internet via mobile phone networks (i.e. 3G, 4G and 5G). This access means some children, whilst at school or college, sexually harass their peers via their mobile and smart technology, share indecent images: consensually and non-consensually (often via large chat groups), and view and share pornography and other harmful content.

13.7 The Campus has a whole school approach to online safety. The approach is designed to educate pupils, students and staff in their use of technology and establishes mechanisms to identify, intervene in, and escalate any concerns where appropriate this is covered in the ICT and E-Safety Policy

13.7.1 UK Council for Internet Safety (UKCIS) has published [guidance](#) on managing incidents of nudes and semi nudes being shared by under-18s. It will be followed unless there's a good reason not to do so.

13.8 Online bullying and sharing nudes and semi-nudes by pupils will be treated as seriously as any other type of bullying and will be managed through our anti-bullying procedures

13.9 The Campus promotes an ethos of respect for students, and they must be aware of who to speak to in confidence about any worries they may have, including electronic reporting with the e-safety button.

13.10 FILTERING AND MONITORING (ONLINE SAFETY)

13.10.1 Our Campus is committed to ensuring that all digital activity is appropriately monitored and filtered to safeguard students from harmful online content, in line with the Department for Education's Filtering and Monitoring Standards for Schools and Colleges.

- 13.10.2 The Campus uses Streamline to filter and monitor internet access across all school devices and networks, with the intention of blocking harmful and inappropriate content without unreasonably impacting teaching or learning within the school.
- 13.10.3 The DSL is responsible for overseeing the effectiveness of the filtering and monitoring systems. Technical support is provided by the ICT team, and any concerns are escalated to the DSL.
- 13.10.4 Filtering and monitoring applies to all devices connected to the school network, including those used by staff, students, and visitors.
- 13.10.5 The effectiveness of the filtering and monitoring systems is reviewed and audited at least annually, or in response to any safeguarding incident. Adjustments are made to ensure the system remains robust and responsive to emerging threats.
- 13.10.6 All staff receive training on the expectations and responsibilities related to online safety, including how to report concerns identified through monitoring.
- 13.10.7 Student Risk Alerts are generated based on the monitoring system. These are added to CPOMS by Student Instant Alerts Administrators and are reviewed by the DSL and, where appropriate, acted upon in accordance with safeguarding procedures.
- 13.10.8 This approach ensures that the Campus maintains a safe digital environment while supporting the educational use of technology.

13.11 EMERGING TECHNOLOGIES AND AI RISKS

- 13.12 Our Campus recognises the growing influence of artificial intelligence and emerging technologies in children's lives. Staff are trained to be aware of risks such as misinformation, disinformation, conspiracy theories, deepfakes, grooming via AI chatbot and algorithmic content exposure. Online safety education includes discussions on these topics to help students navigate digital environments safely.

14 CHILD EXPLOITATION (Including Child Sexual Exploitation, Child Criminal Exploitation, County Lines, Modern Day Slavery and Trafficking)

- 14.1 All staff have a knowledge and understanding of the exploitation that children and young people are at risk of within the local community, county wide, nationally and online.
- 14.2 Staff receive appropriate training to enable them to continue to develop their knowledge and understanding of exploitation and the different signs that a child or young person may be being exploited.
- 14.3 Modern slavery encompasses human trafficking and slavery, servitude and forced or compulsory labour. Exploitation can take many forms, including sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs.

- 14.4 Further information on the signs that someone may be a victim of modern slavery, the support available to victims and how to refer them to the NRM is available in the Modern Slavery Statutory Guidance. [Modern Slavery: Statutory Guidance for England and Wales \(under s49 of the Modern Slavery Act 2015\) and Non-Statutory Guidance for Scotland and Northern Ireland \(publishing.service.gov.uk\)](#)

15 CHILDREN WITH SEXUALLY HARMFUL BEHAVIOUR

- 15.1 The management of children and young people with sexually harmful behaviour is complex and the Campus will work with other agencies to maintain the safety of the whole school community. Young people who display such behaviour may be victims of abuse themselves and the child protection procedures will be followed for both victim and perpetrator. Staff who become concerned about a student's sexual behaviour will speak to the DSL as soon as possible and create a full record on CPOMS

16 DOMESTIC ABUSE

- 16.1 The Domestic Abuse Act 2021 recognises the impact of domestic abuse on children, as victims in their own right if they see, hear or experience the effects of abuse.
- 16.2 The cross-government definition of domestic violence and abuse is: Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents.
- 16.3 That abuse can be, but is not limited to,
- psychological,
 - physical,
 - sexual,
 - financial
 - emotional
 - controlling or coercive behaviour
- 16.3.1 All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs.
- 16.3.2 They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.
- 16.3.3 Advice on identifying children who are affected by domestic abuse and how they can be helped is available at: NSPCC UK (www.nspcc.org.uk)
- 16.3.4 All staff and volunteers are alert to and will report any concerns, however low-level they may seem, to the Designated Safeguarding Lead, so that concerns can be reviewed, and patterns of information built up.

16.3.5 Biggleswade Campus has signed up to the police initiative Operation Encompass that helps the school to provide support to children. The system seeks to ensure that when police are called to an incident of domestic abuse, where there are children in the household who have experienced the domestic incident, the police will inform the DSL in school before the child or children arrive at school the following day. This ensures that the school has up-to-date relevant information about the child's circumstances and can enable silent support to be given to the child according to their needs.

17SO CALLED HONOR BASED ABUSE (INCLUDING FEMALE GENITAL MUTILATION AND FORCED MARRIAGE)

- 17.1 If a teacher (persons employed or engaged to carry out teaching work at schools and other institutions in England), in the course of their work in the profession, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18 the teacher must report this to the police via 101. [This is a mandatory reporting duty.](#)
- 17.2 Female Genital Mutilation – [Female genital mutilation – Central Bedfordshire APPP Hub](#)
- 17.3 [Multi-agency statutory guidance for dealing with forced marriage and multi-agency practice guidelines: Handling cases of forced marriage \(accessible version\) - GOV.UK \(www.gov.uk\)](#)

18MENTAL HEALTH

- 18.1 Mental health issues affect at least 1 in 10 children and young people and includes depression, anxiety, low self-esteem, disordered eating, panic attacks, sleep problems and many other conditions and behaviours. They are often a direct response to what is happening in their lives.
- 18.2 Our Campus recognises that mental health issues can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation and is aware that only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Staff are however well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health issue or be at risk of developing one.
- 18.3 Our Campus aims to promote positive mental health for all pupils and will utilise and engage with the support, knowledge and services of the Mental Health in Schools Team when there are concerns for the mental health of a child(ren) within the school.
- 18.4 The Campus has a Senior Mental Health Lead, who is named at the start of this policy.
- 18.5 We will also ensure that staff, pupils and parents are made aware of the support available in school and in the local community.

19 HOMELESSNESS

- 19.1 Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.
- 19.2 The designated safeguarding lead (and deputy) is aware of contact details and referral routes into the Local Housing Authority so they can raise/progress concerns at the earliest opportunity.
- 19.3 The department and the Ministry of Housing, Communities and Local Government have published [joint statutory guidance on the provision of accommodation for 16 and 17-year olds who may be homeless and/ or require accommodation.](#)

20 CHILDREN WITH FAMILY MEMBERS IN PRISON

- 20.1 Approximately 200,000 children in England and Wales have a parent sent to prison each year. OSG (NAME) Campus recognises that these children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health.
- 20.2 The Campus will work with will work with Early Help, other agencies and resources such as [NICCO](#) to help mitigate negative consequences for those children.

21 PRIVATE FOSTERING AND LOOKED AFTER CHILDREN

- 21.1 A private fostering arrangement occurs when someone other than a parent or a close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. Close relatives are defined as stepparents, grandparents, brothers, sisters, uncles or aunts. It applies to children under the age of 16, or under 18 if the child is disabled.
- 21.2 Private fostering occurs in all cultures, including British culture and children may be privately fostered at any age. Our Campus recognises that most privately fostered children remain safe and well, but safeguarding concerns can be raised in some cases. Therefore, all staff are alert to possible safeguarding issues, including the possibility that a child has been trafficked into the country.
- 21.3 By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify Children's Social Care as soon as possible. When we become aware of a private fostering arrangement for a student that has not been notified to Children's Social Care, we will encourage parents and private foster carers to notify Children's Social Care themselves in the first instance but also alert them to our mandatory duty as a school to inform the local authority of children in such arrangements.
- 21.4 Children looked after by the local authority or who are placed in a residential school, children's home or hospital are not considered to be privately fostered.
- 21.5 Children who are looked after will have their own personal education plan (PEP). The PEP is part of the care plan. It is a record of what needs to happen in order to enable the child to fulfil their potential. It should reflect other education plans such as individual education plans, behaviour plans etc. Staff in this Campus recognise that previously looked after children still remain vulnerable. The DSL will make contact as necessary with the Local Authority personal advisor when individuals leave care.

22 ALTERNATIVE PROVISION

- 22.1 Where students attend alternative provision, the Campus ensures that safeguarding arrangements are robust. Written confirmation of safeguarding policies and procedures is obtained from the provider, including in respect of whether appropriate safeguarding checks have been carried out on the individuals working at the relevant establishment and regular liaison is maintained to monitor student welfare. Arrangements will be regularly reviewed and in the event any safeguarding concern arises, an immediate review will be undertaken and arrangements will be terminated if necessary.

23 SUPPORT IN CAMPUS

- 23.1 All class teachers, home room teachers and year group leaders are responsible, in conjunction with other Campus staff, for the pastoral needs of the children in their care. This includes maintaining opportunity for children to share their concerns and follow the guidance in this document. Care must always be taken in regard to the discussion of sensitive issues and advice must be sought from a DSL where there are concerns.
- 23.2 Within the curriculum there will also be opportunities to discuss issues which some children might find sensitive. Care must be taken particularly in relation to discussion about families and their make-up. Assumptions about members of families and the presence of both parents must be avoided both in discussion and the presentation of materials. Staff must make themselves familiar with the background of the children in their care in order to avoid distress.

24 PHYSICAL CONTACT WITH STUDENTS

- 24.1 Physical contact with students should be avoided. The Campus has a separate positive handling plan where it is needed, and the Staff Code of Conduct sets out expectations around professional behaviour.

25 RECORD KEEPING

- 25.1 Child Protection records must be retained by the last school attended. The long-term security of relevant safeguarding documents and related correspondence is crucial should allegations of abuse arise. All such documents must be securely retained from the date of birth of the student plus 50 years. For further information please refer to the Retention of Records policy.

26 PARTNERSHIP WITH PARENTS

- 26.1 The Campus has an established approach to working with parents – for parents' training and for liaison in the event of a child protection concern.
- 26.2 Key to this is the cultural tone set by the Campus Principal and CA team in terms of what good safeguarding practice looks like and what can be expected.
- 26.3 Parents' and children's need for privacy will be respected and such a position is supported by the Data Protection Act (GDPR) 2018. However, the priority is the needs of the

child and effective liaison is crucial unless such action would put a child or vulnerable adult at risk of harm.

- 26.4 It must be recognised that families from different backgrounds and cultures will have different approaches to child-development. These differences should be acknowledged and respected provided they do not place the child at risk.

27 SAFEGUARDING STUDENTS ON WORK EXPERIENCE

- 27.1 The safeguarding of a student on placements for vocational training or work experience will be considered and appropriately risk assessed. Where students on work placements are supervised by someone who is themselves unsupervised, the Campus will obtain an enhanced DBS check for that supervisor before the placement begins. Where the student is under 16 years or age, the Campus must also obtain a barred list check for that supervisor. Campuses cannot obtain a barred list check where the student is aged 16 or 17.

28 ONE-TO-ONE TEACHING, EXTENDED SCHOOL AND OFF-SITE-ARRANGEMENTS

- 28.1 Where staff are engaged in 1:1 teaching or coaching with students, for example, being coached for a presentation in assembly or sports day event or receiving additional support with their studies then our own safeguarding and child protection policy will apply.
- 28.2 Staff will ensure that a campus leader is aware of the 1:1 work and at all times, 1:1 discussion with students should most appropriately take place in rooms which are openly visible to other members of staff.
- 28.3 If other organisations provide services or activities on the site, the Campus Principal will check that they have appropriate procedures in place, including compliance with safer recruitment procedures and health and safety checks are undertaken.
- 28.4 The Campus Principal will check the appropriateness of any visitor to the school (e.g. by open-source internet searches).
- 28.5 When students attend off-site activities, including day visits and work-related activities, the Campus Principal will ensure that effective child protection arrangements are in place. In the case of such alternative provision the Campus continues to be responsible for the safeguarding of that pupil and must be satisfied that the placement meets the pupil's needs. The Campus Principal will obtain written confirmation that the appropriate safeguarding checks have been conducted.

29 VIDEO CONFERENCING AND OFF-SITE ARRANGEMENTS

- 29.1 Where students are in Video Conference or other conference links with staff from other OSGUK Campuses there will be written assurance from the teacher's employing Campus that all vetting checks, including DBS, have been carried out and these staff will be added to this school's SCR.

30 IMAGES AND PHOTOGRAPHY

- 30.1 The vast majority of people who take or view images or videos of children do so for entirely innocent, understandable and acceptable reasons. Sadly, some people abuse children

through taking or using images, so we must ensure that we have some safeguards in place, to protect pupils, we will seek their consent and parental consent for photographs to be taken or published (for example, on our website or in publications)

- 30.2 The Campus ICT and E-Safety Policy and procedures will be followed. In summary the Campus will:
- 30.3 use only the student's first name with an image
- 30.4 ensure that students are appropriately dressed
- 30.5 encourage students to tell if they are worried about any photographs that are being taken of them.
- 30.6 It would be normal practice to demonstrate Campus life by way of photographs and video. If teachers, staff, Trustees or members of the Local Governing Board (LGB) or visitors have any concerns about themselves being in photographs associated with the school they must bring that to the attention of the Campus Principal.
- 30.7 Volunteers acting as such within the school day will also ensure they understand and adhere to the Campus approach to the taking of photographs. It would not be acceptable for a member of teaching staff to be taking photographs of children on any personal devices, and the same standards are expected of volunteers.
- 30.8 It is not acceptable for staff, volunteers or Trustees to post photographs of children, taken within the context of the school, on social media. Photographs of your own children shared on a one-to-one basis via a medium such as 'What's App' would be acceptable.
- 30.9 A common-sense approach to the taking, sharing and posting of photographs of children whilst at school by their family and friends is requested. An appreciation of the risks is important. It is not acceptable for family and friends to take photographs for anything other than personal use. Any abuse of this approach will mean the circumstances being reviewed and may result in more restrictive measures in school.

31 VISITORS TO THE CAMPUS

- 31.1 The Campus will ensure that it complies with the Prevent Duty which requires schools to verify the suitability of all visiting speakers (e.g. internet searches). Schools do not have the power to request DBS checks and barred list checks for visitors, and KCSIE requires campus principals to use their professional judgment about the need to escort or supervise visitors.

32 SITE SECURITY

- 32.1 The Campus Security & Visitor Policy and procedures will be followed. Visitors to the Campus are asked to sign in and are given a lanyard, which confirms they have permission to be on site.
- 32.2 Red lanyards denote a lack of appropriate checks for the role they are performing at campus, and those individuals must be accompanied at all times i.e. contractors.
- 32.3 Green lanyards denote those who are security cleared such as staff.
- 32.4 OneSchool Global Head Office staff will wear identification badges in the same green and red colours, which have the same meaning. The Campus Principal may contact the OSG UK Head Office at any time to verify the credentials of a visitor from the Head Office

- 32.5 All visitors are expected to observe the Campus' safeguarding and health and safety requirements to ensure children in Campus are kept safe.
- 32.6 The Campus Principal will ensure supervision is in place for any visitor that does not have the appropriate checks
- 32.7 The Campus will comply with the CCTV Policy in line with the GDPR 2018 and supporting policy.

33 USE OF CAMPUS PREMISES FOR NON SCHOOL ACTIVITIES

- 33.1 Where a campus hires out or rents out facilities or premises to organisations or individuals, The Campus Principal and CA team will ensure that appropriate arrangements are in place to keep children safe.
- 33.2 When the services or activities are provided by the proprietor under the direct supervision or management of the campus staff, the campuses child protection arrangements will apply.
- 33.3 Where services or activities are provided separately by another body this will not be the case. The proprietor will seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place. (This includes inspecting these) Also to ensure that there are arrangements in place to liaise with the campus on these matters where appropriate.
- 33.4 The proprietor will also ensure that safeguarding requirements are included in any transfer of control agreement (I.e. lease or hire agreement) as a condition of use and occupation of the premises, and failure to comply with this will lead to termination of the agreement.
- 33.5 The campus will review all hires of the school facilities for non-school activities in line with the relevant guidance, [Keeping children safe in out-of-school settings - GOV.UK \(www.gov.uk\)](http://www.gov.uk)

34 LESSONS LEARNED AND CSPRS

- 34.1 The Campus Principal will ensure that all safeguarding near misses are fully investigated and recorded.
- 34.2 All near misses are reported to the RP, LCA and RTL. A full lessons learned review is held and documented to allow the regional leadership team / governance to challenge steps taken and next steps identified.
- 34.3 Learning is disseminated to staff in staff briefings and incorporated into policy updates and training
- 34.4 The Campus will cooperate fully with any Child Safeguarding Practice Reviews (CSPRs) initiated by the Local Safeguarding Partners. Learning from these reviews will be shared with staff and incorporated into training and policy updates to improve safeguarding practices.

Appendix 2: OneSchool Global UK Training Strategy

1. Introduction

- 1.1. The OSG UK Safeguarding Strategy provides a framework in which we will organisationally approach safeguarding. In order to deliver effective safeguarding practice, it is recognised that all our staff, trustees and volunteers need to have up-to-date role specific training and awareness. There is a need for annual updates and refresher training not only because guidance suggests that is necessary but more importantly the outcome is a stronger safeguarding practice.
- 1.2. OSG UK supports the standards and the premise that by organisations and agencies working together, children can be effectively safeguarded. This is most effective when there is;
 - 1.2.1. A shared understanding of roles and responsibilities
 - 1.2.2. Improved communication between professionals and those working with children
 - 1.2.3. Effective working together based on sound working relationships
 - 1.2.4. Improved assessment and decision making
- 1.3. In order to support effective multi-agency working, OSG UK recognises and endorses that key training is delivered at a local level via a Local Authority (LA). This is particularly relevant for Designated Safeguarding Leads (DSL), Campus Principals and Safeguarding CA's

2. The Suite of Training Options

- 2.1. OSG UK will support a range of training and awareness options including;
 - 2.1.1. Online training, currently provided by Flick Learning for OSG UK
 - 2.1.2. Face-to-face training through a relevant LA
 - 2.1.3. Bespoke one-off training to address a particular need or issue. There are a number of providers that supply child protection training, i.e. the NSPCC
 - 2.1.4. Annual updates for all staff/trustees/volunteers delivered by the DSL as part of their role and responsibility
- 2.2. When undertaking initial or refresher training it is important to consider the 5 Rs to ensure that awareness and delivery fulfils the necessary aspects required from training:
 - 2.2.1. Recognising child abuse
 - 2.2.2. Responding to children
 - 2.2.3. Reporting concerns – about adults and children
 - 2.2.4. Recording information
 - 2.2.5. Making Referrals to children's social care

3. Who Requires Training?

- 3.1. In effect it is all those who work with children directly or indirectly whether on a paid or voluntary basis.
- 3.2. Training should be targeted at the following groups:
 - 3.2.1. Those with particular and specialised responsibility for safeguarding children such as designated or named professionals, those undertaking Section 47 enquiries or working

with complex cases. This is likely to be our DSL cohort, Campus Principals and Safeguarding Trustees/CAs.

3.2.2. Those who work regularly with children and young people who may be asked to contribute to assessments of children in need. These are predominately our teaching staff.

3.2.3. Those with some contact with children and young people. These may be people who operate in an environment where they see children but do not have case responsibility for them. This is going to be the majority of our staff either on a paid or voluntary basis.

4. Training Frequency

4.1. Keeping Children Safe in Education (KCSIE) recommends that in a school the Designated Safeguarding Lead (DSL) and any deputies undergo refresher training, to provide them with the knowledge and skills required to carry out the role every two years. This is best completed through the Local Authority. OSG UK supports this approach.

4.2. All staff must undergo safeguarding and Child Protection (CP) training at induction with an expectation that learning and professional development in this area continues through e-learning over the next three months.

4.3. All staff should receive regular safeguarding and child protection updates as required. For OSG UK the focal point in any given campus should be the DSL who should do regular updates at Inset days at least annually. This will be supported by email updates, bulletins etc. from the National Support Office (NSO), LA, NSPCC etc.

5. Specific Training/Awareness Requirements

5.1. Nothing within this strategy prevents bespoke training based on need either at a local or national level. Training must always be considered within the context of the overall added value, cost and impact on the workplace.

5.2. Whilst training will be consistent with the requirements of KCSIE the suggested framework for training to role is:

6. Campus Principals

6.1. To include the student discipline policy to ensure that there is no tension between SEND and safeguarding practice. In practice this will be delivered by a Regional Principal and Lead Campus Administrator (LCA).

- 14.1. It is important that the campus maintains a singular log of training/awareness undertaken by all staff including trustees and volunteers. This allows for a clear picture of the training landscape, which will help identify local need and ensure timeliness of refresher training.

- 14.2. This log is separate from any attendance record taken at the time for a singular event.
- 14.3. One advantage of using Flick is that a central training record is maintained for all those who have used this online tool. It is for campuses to ensure that a member of staff has administration access rights to Flick in order to monitor individual school take-up.
- 14.4. The DSL will maintain a separate record of any communication or update sent during the course of the year either internally or to the wider school family.

Appendix 3: DSL JOB DESCRIPTION & PERSON SPECIFICATION (2025)

Designated Safeguarding Lead / Deputy Designated Safeguarding Lead

Job Description

JOB PURPOSE

Governing bodies and proprietors should ensure an appropriate senior member of staff, from the campus leadership team, is appointed to the role of designated safeguarding lead.

The designated safeguarding lead must take lead responsibility for safeguarding and child protection (including online safety and understanding the filtering and monitoring systems and processes in place)

This must be explicit in the role holder's job description. This appendix will be printed and signed by the DSL and DDSLs to go in their personnel file.

The designated safeguarding lead must have the appropriate status and authority within the campus to carry out the duties of the post.

The role of the designated safeguarding lead carries a significant level of responsibility, and they should be given the additional time, funding, training, resources and support they need to carry out the role effectively.

Their additional responsibilities include providing advice and support to other staff on child welfare, safeguarding and child protection matters, taking part in strategy discussions and inter-agency meetings, and/or supporting other staff to do so, and to contributing to the assessment of children

Deputy designated safeguarding leads

The school will ensure there is a minimum of one Deputy DSL.

All deputies must be trained to the same standard as the designated safeguarding lead, and the role must be explicit in their job description.

The same job description will apply to Deputies as well as DSL's

Whilst the activities of the designated safeguarding lead can be delegated to appropriately trained deputies, the ultimate lead responsibility for child protection, as set out above, remains with the designated safeguarding lead, this lead responsibility must not be delegated.

DUTIES

Availability

During term time the designated safeguarding lead (or a deputy) should always be available (during school hours 8am – 4pm) for staff in the school to discuss any safeguarding concerns.

Whilst generally speaking the designated safeguarding lead (or deputy) would be expected to be available in person, or via the centrally provided out-of-hours contact details.

Manage referrals

The designated safeguarding lead is expected to refer cases:

- of suspected abuse, neglect and exploitation to the local authority children's social care as required and support staff who make referrals to local authority children's social care.
- to the Channel programme where there is a radicalisation concern as required and support staff who make referrals to the Channel programme.
- where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required; and
- where a crime may have been committed to the Police as required. NPCC - [When to Call the Police](#) should help understand when to consider calling the police and what to expect when working with the police.

Working With Others

The designated safeguarding lead is expected to:

- act as a source of support, advice and expertise for all staff
- act as a point of contact with the safeguarding partners
- liaise with the headteacher or principal to inform him or her of issues- especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations.
- This must include being aware of the requirement for children to have an Appropriate Adult.
- Further information can be found in the Statutory guidance - PACE Code C 2019.
- as required, liaise with the "case manager" (as per Part four of KCSIE) and the local authority designated officer(s) (LADO) for child protection concerns in cases which concern a staff member
- liaise with staff (especially teachers, pastoral support staff, school nurses, IT technicians, senior mental health leads and special educational needs coordinators (SENCO's), or the named person with oversight for SEND in a college and senior mental health leads) on matters of safety and safeguarding and welfare (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies so that children's needs are considered holistically
- liaise with the senior mental health lead and, where available, the mental health support team, where safeguarding concerns are linked to mental health
- promote supportive engagement with parents and/or carers in safeguarding and promoting the welfare of children, including where families may be facing challenging circumstances
- work with the headteacher and relevant strategic leads, taking lead responsibility for promoting educational outcomes by knowing the welfare, safeguarding and child protection issues that children in need are experiencing, or have experienced, and identifying the impact that these issues might be having on children's attendance, engagement and achievement at school or college.
- This includes:
- ensuring that the school or college knows who its cohort of children who have or have had a social worker are, understanding their academic progress and attainment, and maintaining a culture of high aspirations for this cohort, and
- supporting teaching staff to provide additional academic support or reasonable adjustments to help children who have or have had a social worker reach their potential, recognising that even when statutory social care intervention has ended, there is still a lasting impact on children's educational outcomes.

Raising Awareness

The designated safeguarding lead must:

- ensure each member of staff has access to, and understands, the school's or college's child protection policy and procedures, especially new and part-time staff
- ensure the school's or college's child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this
- ensure the child protection policy is available publicly and parents know that referrals about suspected abuse or neglect may be made and the role of the school or college in this
- link with the safeguarding partner arrangements to make sure staff are aware of any training opportunities and the latest local policies on local safeguarding arrangements, and
- help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children who have or have had a social worker are experiencing with teachers and school and college leadership staff.

Training, knowledge, and skills

The designated safeguarding lead (and any deputies) must undergo training to provide them with the knowledge and skills required to carry out the role.

This training must be updated at least every two years and should take place with the Local safeguarding partners

The designated safeguarding lead (and any deputies) should undertake Prevent awareness training every two years

Training must provide designated safeguarding leads with a good understanding of their own role, how to identify, understand and respond to specific needs that can increase the vulnerability of children, as well as specific harms that can put children at risk, and the processes, procedures and responsibilities of other agencies, particularly local authority children's social care, so they:

- understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements
- have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so
- understand the importance of the role the designated safeguarding lead has in providing information and support to local authority children social care in order to safeguard and promote the welfare of children
- understand the lasting impact that adversity and trauma can have, including on children's behaviour, mental health and wellbeing, and what is needed in responding to this in promoting educational outcomes
- are alert to the specific needs of children in need, those with special educational needs and disabilities (SEND), those with relevant health conditions and young carers
- understand the importance of information sharing, both within the campus, and with the safeguarding partners, other agencies, organisations and practitioners
- understand and support the campus with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation
- are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school or college
- can recognise the additional risks that children with special educational needs and disabilities (SEND) face online, for example, from bullying, grooming and radicalisation and are confident they have the capability to support children with staying safe online
- obtain access to resources and attend any relevant or refresher training courses, and
- encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the campus may put in place to protect them.

In addition to the formal training set out above, their knowledge and skills should be refreshed (this might be via e-bulletins, meeting other designated safeguarding leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, and at least annually, to allow them to understand and keep up with any developments relevant to their role.

Providing Support to Staff

Training must support the designated safeguarding lead in developing expertise, so they can support and advise staff and help them feel confident on welfare, safeguarding and child protection matters. This includes specifically to:

ensure that staff are supported during the referrals processes, and support staff to consider how safeguarding, welfare and educational outcomes are linked, including to inform the provision of academic and pastoral support.

Understanding the views of children

It is important that all children feel heard and understood. Therefore, designated safeguarding leads (and deputies) must be supported in developing knowledge and skills to: encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, and in any measures the campus may put in place to protect them, and, understand the difficulties that children may have in approaching staff about their circumstances and consider how to build trusted relationships which facilitate communication.

Holding and sharing information

The critical importance of recording, holding, using and sharing information effectively is set out in Parts one, two and five of KCSIE, and therefore the designated safeguarding lead must be equipped to:

- understand the importance of information sharing, both within the school and college, and with other schools and colleges on transfer including in-year and between primary and secondary education, and with the safeguarding partners, other agencies, organisations and practitioners
- understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR), and
- be able to keep detailed, accurate, secure written records of all concerns, discussions and decisions made including the rationale for those decisions. This should include instances where referrals were or were not made to another agency such as LA children's social care or the Prevent program etc.

Information sharing and managing the child protection file

The designated safeguarding lead is responsible for ensuring that child protection files are kept up to date. Information must be kept confidential and stored securely. It is good practice to keep concerns and referrals in a separate child protection file for each child.

Records should include:

- a clear and comprehensive summary of the concern
- details of how the concern was followed up and resolved
- a note of any action taken, decisions reached and the outcome.
- They must ensure the file is only accessed by those who need to see it and where the file or content within it is shared, this happens in line with information sharing advice as set out in Part one and Part two of KCSIE.
- Where children leave the campus (including in year transfers) the designated safeguarding lead should ensure their child protection file is transferred to the new school or college as soon as possible, and within 5 days for an in-year transfer or within the first 5 days of the start of a new

term. This must be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained. Receiving schools and colleges should ensure key staff such as designated safeguarding leads and special educational needs co-ordinators (SENCO's) or the named person with oversight for SEND in colleges, are aware as required.

Lack of information about their circumstances can impact on the child's safety, welfare and educational outcomes. In addition to the child protection file, the designated safeguarding lead must also consider if it would be appropriate to share any additional information with the new school or college in advance of a child leaving to help them put in place the right support to safeguard this child and to help the child thrive in the school or college. For example, information that would allow the new school or college to continue supporting children who have had a social worker and been victims of abuse and have that support in place for when the child arrives
