Employment zones reform - *Public exhibition of the translation of existing Business and Industrial zones into the new Employment zones*

On 1 December 2022, Business and Industrial zones will be replaced by the new Employment zones under the Standard Instrument (Local Environmental Plans) Order 2006. The Department of Planning and Environment is currently exhibiting details of how each Local Environmental Plan that includes a current Business or Industrial zone will be amended to use the new Employment zones. The Explanation of Intended Effect (EIE) and a searchable web tool that displays the current and proposed zone for land covered in this public exhibition is available on the Planning Portal.

Please see <https://www.planningportal.nsw.gov.au/employment-zones> for more information.

Draft Local Environmental Plan

The land is affected by a Draft Local Environmental Plan which has been placed on Public Exhibition and has not yet been published. The Draft Local Environmental Plan is described below.

Planning Proposal – Draft Parramatta Local Environmental Plan 2020 (Harmonisation LEP)

This land is affected by a planning proposal seeking to create a single consolidated Local Environmental Plan (LEP) that will apply to the whole City of Parramatta Local Government Area (LGA). The new LEP will replace five (5) existing LEPs where they apply to land within the Parramatta LGA. These include:

- *Auburn Local Environmental Plan 2010*
- *Holroyd Local Environmental Plan 2013*
- *Hornsby Local Environmental Plan 2013*
- *Parramatta Local Environmental Plan 2011*
- *Parramatta (former The Hills) Local Environmental Plan 2012*

The new Parramatta LEP will create a common set of objectives, land use tables and provisions for all land within the LGA. This will result in some changes to the current planning controls applying to certain areas, including:

- Changes to land uses permitted in certain areas, because of the creation of a common set of land use tables.
- Prohibiting dual occupancy developments in certain locations.
- A minimum lot size of 600sqm and frontage to a public road of 15 metres development standards for Dual Occupancies or Manor Houses where they are permitted.
- Changes to height and FSR controls applying to residential zones – these include:
 - applying a FSR of 0.5:1 to R2 Low Density Residential zoned land and a FSR of 0.6:1 to R3 Medium Density Residential zoned land in the Parramatta (former The Hills) LEP 2012 and Hornsby Council LEP 2013 (where none currently applies);
 - reducing the FSR from 0.75:1 to 0.6:1 applying to R3 Medium Density Residential zoned land in Silverwater;
 - increasing the height limit from 8.5 metres to 9 metres applying to R2 Low Density Residential zoned land in the Hornsby Council LEP 2013;
 - applying a 11 metre height limit to R3 Medium Density Residential zoned land in the Parramatta (former The Hills) LEP 2012, Hornsby LEP 2013 and Auburn LEP 2010;
 - applying a FSR control to R4 High Density Residential zoned land in the former Parramatta (former The Hills) LEP 2012, Hornsby LEP 2013 and Auburn LEP 2010 (where none is currently applied); and,
 - a limited number of targeted site-specific changes associated with changes of zoning or to address anomalies.

- Applying a 550sqm minimum subdivision lot size to residential land (except R2 Low Density Residential zoned land in the Parramatta (former The Hills) LEP 2012, which will retain the existing 700sqm requirement).
- Mapping of additional Biodiversity Land and Riparian Land and Waterways.
- A limited number of changes to the zoning of some sites to address inconsistencies and anomalies across current land use plans, this includes:
 - Removing the R1 General Residential zone, and rezoning this land to R4 High Density Residential or R3 Medium Density Residential;
 - Rezoning all public bushland reserves to E2 Environmental Conservation;
 - Rezoning some R3 Medium Density Residential zoned land in Northmead, North Rocks and Carlingford to R2 Low Density Residential; and,
 - Rezoning existing lawful places of public worship in the former Parramatta Council area from SP1 Special Activities to R2 Low Density Residential.

Further information on the Planning Proposal for the new Parramatta Local Environmental Plan (LEP) can be found at:

www.cityofparramatta.nsw.gov.au/planningharmonisation or by contacting Council.

Please note: Council is separately progressing a number of planning proposals relating to specific sites in the LGA. The intention is that, should these site-specific planning proposals be finalised before the new consolidated LEP is made, the respective amendments to planning controls will be carried over into the new LEP and the Harmonisation Planning Proposal will be updated as needed.

**State Environmental Planning Policy
(Exempt and Complying Development Codes) 2008**

Exempt Development Codes

Clause 1.12 State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

The land **is not** land where the exempt development codes are varied under Clause 1.12 of State Environmental Planning Policy (Exempt and Complying Development Codes) 2008

Clauses 1.16(1)(b1)–(d) or Clause 1.16A of State Environmental Planning Policy (Exempt and Complying Development Codes)

The following information only addresses whether or not the land is land on which exempt development may be carried out under each of the codes for exempt development because of the provisions of **Clauses 1.16(1)(b1)–(d) or Clause 1.16A** of State Environmental Planning Policy (Exempt and Complying Development Codes) 2008. It is not a statement that exempt development is permissible on the land.

Other land exemptions within State Environmental Planning Policy (Exempt and Complying Development Codes) 2008 may also apply. Furthermore, other provisions within the relevant Local Environmental Plan or a State Environmental Planning Policy which restrict exempt development on the land may also apply.

It is your responsibility to ensure that you comply with the relevant exempt development provisions for the land.

Exempt Development pursuant to the exempt development codes **may** be carried out on the land under **Clauses 1.16(1)(b1)–(d) or Clause 1.16A** of State Environmental Planning Policy (Exempt and Complying Development Codes) 2008.

Complying Development Codes

Note: This does not constitute a Complying Development Certificate under section 4.27 of the Environmental Planning and Assessment Act 1979

SPECIAL NOTES

The land is identified as Class 5 on the Acid Sulfate Soils map. Refer to Clause 6.1 of Parramatta Local Environmental Plan 2011.

Applicants for Sections 10.7 Certificates are advised that Council does not hold sufficient information to fully detail the effect of any encumbrances on the title of the subject land. The information available to Council is provided on the basis that neither Council nor its servants hold out advice or warrant to you in any way its accuracy, nor shall Council or its servants, be liable for any negligence in the preparation of that information. Further information should be sought from relevant Statutory Departments.

SECTION C**The following additional information is issued under Section 10.7(5)**

Pursuant to S10.7(5) the Council supplies information as set out below on the basis that the Council takes no responsibility for the accuracy of the information. The information if material should be independently checked by the applicant.

Aboriginal Sensitivity Map - Parramatta Development Control Plan (DCP) 2011

Aboriginal Heritage – low sensitivity – limited potential to contain items of Aboriginal heritage. Contact Council's Customer Service/Duty Planner (02) 9806 5050 for more information.

Flood Information

The land is considered by Council TO BE ABOVE the 1 in 100 year mainstream flood level.

This information is based on data available to the Council. It is provided on the basis that neither Council nor its servants hold out advice or warrant to you in any way its accuracy, nor shall the Council or its servants, be liable for any negligence in the preparation of that information.

Note: Advisory Information regarding Combustible Cladding

External combustible cladding on multi-storey buildings has been identified in local government areas including the City of Parramatta. Combustible cladding is a material that is capable of readily burning.

You should make your own enquiries as to the type of materials that have been used to construct the building. It is recommended that the purchaser obtain a building report from an appropriately qualified person to determine if any cladding type material may pose a risk to the building's occupants. Council may issue orders to rectify a building where combustible cladding is found.

Properties that have combustible cladding on buildings are listed in the NSW Government Combustible Cladding Register. Please refer to <https://www.claddingregistration.nsw.gov.au/> or call 1300 305 695 for further information regarding the NSW Government Combustible Cladding Register.

There is potential for combustible cladding to be present on buildings that are not listed on the Register.

Note: Advisory Information regarding Loose-Fill asbestos Insulation

Research undertaken by the Loose-Fill Asbestos Insulation Taskforce has determined that there is a potential for loose-fill asbestos insulation to be found in residential dwellings constructed prior to 1980 in 28 local government areas including the City of Parramatta.

Some residential homes located in the City of Parramatta may contain loose-fill asbestos insulation, for example in the roof space. NSW Fair Trading maintains a Register of homes that are affected by loose-fill asbestos insulation.

You should make your own enquiries as to the age of the buildings on the land to which this certificate relates and, if it contains a building constructed prior to 1980, the council strongly recommends that any potential purchaser obtain advice from a licensed asbestos assessor to determine whether loose fill asbestos is present in any building on the land and, if so, the health risks (if any) this may pose for the building's occupants.

Please Contact NSW Fair Trading for further information.

This information has been provided pursuant to section 10.7(5) of the Environmental Planning and Assessment Act, 1979 as amended.
