A Message from Key School Bodies

Mr Michael Wilson

OneSchool Global NSW Board Chair

OneSchool Global stands as a beacon of innovation and excellence in education. Across 12 schools in New South Wales, we are committed to providing unparalleled opportunities for staff and students, championing self-directed learning and student agency through the Learning to Learn Framework.

Our focus on academic engagement has been driven by improved student learning routines, collaborative parent, partnerships, and staff professional development. These all contribute to boosting academic achievement alongside the social and emotional growth of our students.

In 2024, we solidified our commitment to the three strategic pillars that will shape the future of our network of schools:

- **Learning to Learn** - We are dedicated to cultivating self-directed, lifelong learners who are equipped with the skills and mindset to thrive in an ever-changing world. Our students will be life-ready—confident in their ability to learn, adapt, and achieve.
- **High-Performance Teams** - Every member of our school community—including students, parents, staff, school leaders, and boards—will be empowered to grow and contribute at their highest potential. Together, we will foster a culture of excellence, collaboration, and continuous improvement.
- **Campus Modernisation Program** - We are investing in the transformation of our school facilities to ensure that each campus reflects the highest standards of innovation, functionality, and inspiration. Our learning environments will support both academic success and personal development.

Looking forward to 2025, OneSchool Global NSW is poised to climb to new heights in student culture, raise the bar for the quality of assignments, and continue implementation of the Learning to Learn Framework. We will continue to strive for a high-performing academic culture, with our Student Leadership Teams, focused on improving outcomes at each school for our strategic pillars. Together, we are committed to excellence and innovation, ensuring our students are well-prepared for the challenges of tomorrow.

A Message from Key School Bodies

Mrs Melanie Roth

Principal

Across New South Wales, OneSchool Global has continued to foster a strong culture of collaboration and cohesion in pursuit of educational excellence. With 12 schools spanning from Albury to Armidale and Illawarra to Condobolin, our focus remains on building a united school community that empowers students to achieve at the highest level.

Following a busy year of renovations in both Primary and Secondary in 2023, the Secondary Learning Centre at OneSchool Global NSW - Albury was ready for the students' return in 2024. The updated learning space allows our students to better embody the Learning to Learn framework on which the academic journey at OneSchool Global is based. The new space gives more clarity to the learning zones, allowing our students to make more informed decisions about the most appropriate space to meet their learning goals. Looking forward to 2025, staff will continue to work with students, parents and other stakeholders to expand and improve our learning spaces to meet current and future learning needs through the Campus Modernisation Program.

Primary returned to their recently renovated learning space with renewed vigour. For the first time, OneSchool Global NSW – Albury students participated in the NRMA Future of Transport challenge. Lead and mentored by their teacher, Mrs Lucy Turner, our five Year 6 students formulated the concept of Safe Car VR - a simulator that includes the shell of a car on hydraulics and virtual reality to let learner drivers experience the hazards they would potentially face in real life, but in a controlled setting. The students' innovative idea placed among the top three in the state, giving them the opportunity to travel to Sydney to present their vision to a group of panelists. Although the students didn't win in their group, it was wonderful to witness their ingenuity and teamwork.

2024 also saw the OSG Persona Program gain momentum, challenging all stakeholders to reflect on their contributions to the school, celebrate their strengths and identify opportunities for improvement. Consequently, OneSchool Global NSW - Albury held their inaugural Parent Winter Evening, inviting parents to experience the Learning to Learn framework as taught by their own child/ren and giving both staff and students their own, improved understanding of the foundation of our learning journeys at OSG. Later in the year, Student Leadership Teams met in their regional clusters to build intercampus relationships, and improve their leadership and interpersonal skills, allowing them to be a better conduit between the student body and the staff.

We look ahead to 2025 with great anticipation, building on the achievements of 2024 with a continued focus on strengthening school culture to ensure every student is empowered with the best opportunities to succeed. We extend our sincere appreciation to the School, State, and National Boards for their steadfast support and encouragement throughout the year.

Management of Non-Attendance

OneSchool Global NSW - Albury Attendance policy meets legislative requirements, with a record of enrolment and daily attendance of all students at the school. Students are expected to attend 100% of their classes.

Attendance reports are sent out on a regular basis to Principals to review any attendance related issues. Regular meetings are held with the school welfare committee to monitor progress and manage issues as they arise. Parents are encouraged to ensure extended leave is held during term breaks. If students are absent for an extended period due to illness, work is organised by their teachers, so the student's learning is not disrupted.

OneSchool Global NSW schools implement a targeted strategy to support strong attendance and address concerns. Proactive measures include early data monitoring, consistent communication, flexible learning options, supportive services, and recognition programs. When issues arise, Principals provide initial support and escalate unresolved cases to Regional leadership. Formal interventions may involve external referrals, with all communications documented. Persistent concerns are addressed through further escalation, including mandatory reporting where necessary.

School Policies
