A Message from Key School Bodies

Mr Michael Wilson

OneSchool Global NSW Board Chair

OneSchool Global stands as a beacon of innovation and excellence in education. Across 12 schools in New South Wales, we are committed to providing unparalleled opportunities for staff and students, championing self-directed learning and student agency through the Learning to Learn Framework.

Our focus on academic engagement has been driven by improved student learning routines, collaborative parent, partnerships, and staff professional development. These all contribute to boosting academic achievement alongside the social and emotional growth of our students.

In 2024, we solidified our commitment to the three strategic pillars that will shape the future of our network of schools:

- **Learning to Learn** - We are dedicated to cultivating self-directed, lifelong learners who are equipped with the skills and mindset to thrive in an ever-changing world. Our students will be life-ready—confident in their ability to learn, adapt, and achieve.
- **High-Performance Teams** - Every member of our school community—including students, parents, staff, school leaders, and boards—will be empowered to grow and contribute at their highest potential. Together, we will foster a culture of excellence, collaboration, and continuous improvement.
- **Campus Modernisation Program** - We are investing in the transformation of our school facilities to ensure that each campus reflects the highest standards of innovation, functionality, and inspiration. Our learning environments will support both academic success and personal development.

Looking forward to 2025, OneSchool Global NSW is poised to climb to new heights in student culture, raise the bar for the quality of assignments, and continue implementation of the Learning to Learn Framework. We will continue to strive for a high-performing academic culture, with our Student Leadership Teams, focused on improving outcomes at each school for our strategic pillars. Together, we are committed to excellence and innovation, ensuring our students are well-prepared for the challenges of tomorrow.

A Message from Key School Bodies

Mr Michael Jandric

Principal

Across New South Wales, OneSchool Global has continued to foster a strong culture of collaboration and cohesion in pursuit of educational excellence. With 12 schools spanning from Albury to Armidale and Illawarra to Condobolin, our focus remains on building a united school community that empowers students to achieve at the highest level.

OneSchool Global NSW - Leeton has undergone quite considerable change over the last year. Thank you to the board and all community members who worked hard to fill this School with state-of-the-art learning facilities. The school oval underwent a makeover with laser levelling and drainage installed to improve the fantastic oval further. OneSchool Global NSW - Leeton has strong community involvement in many aspects of the schooling life. Our biggest morning tea raised over \$2000 towards the Cancer Council.

As we move forward with new facilities, our focus now shifts to ensuring that the students are learning to learn and achieve. Our new facilities and furniture allow us to focus on the quality of the lessons that are being delivered by improving our pedagogy at the School and further developing our skills in a blended learning environment. We are continuing to see improvements in the teaching and learning at OneSchool Global NSW - Leeton.

Having so many parents attending events throughout the year is always a highlight. The Mother's Day celebration was well attended and filled with small, handcrafted gifts for the special people in the students' lives. The Primary students did portraits of their mothers and mums were asked to guess which portrait was theirs. Students waited with bated breath, as did the mothers, to see if they guessed correctly. Father's Day saw students and fathers enjoying a nice barbeque breakfast and a hot coffee before students started encouraging their fathers to a friendly game of cricket. What started as a friendly game of cricket soon became more and more competitive as the morning went on. At the end fathers and students were both sweating. Many of the dads have this marked on their calendars already. It was great to see the students playing games with their dads.

We look ahead to 2025 with great anticipation, building on the achievements of 2024 with a continued focus on strengthening school culture to ensure every student is empowered with the best opportunities to succeed. We extend our sincere appreciation to the School, State, and National Boards for their steadfast support and encouragement throughout the year.

Management of Non-Attendance

OneSchool Global NSW - Leeton Attendance policy meets legislative requirements, with a record of enrolment and daily attendance of all students at the school. Students are expected to attend 100% of their classes.

Attendance reports are sent out on a regular basis to Principals to review any attendance related issues. Regular meetings are held with the school welfare committee to monitor progress and manage issues as they arise. Parents are encouraged to ensure extended leave is held during term breaks. If students are absent for an extended period due to illness, work is organised by their teachers, so the student's learning is not disrupted.

OneSchool Global NSW schools implement a targeted strategy to support strong attendance and address concerns. Proactive measures include early data monitoring, consistent communication, flexible learning options, supportive services, and recognition programs. When issues arise, Principals provide initial support and escalate unresolved cases to Regional leadership. Formal interventions may involve external referrals, with all communications documented. Persistent concerns are addressed through further escalation, including mandatory reporting where necessary.

School Policies
